What "KING BRADY" says about SaZel.

As trainer for the Chicago Federal Baseball Team, I have found it necessary to experiment with a number of antiseptic compounds, in relieving the Boys from their many ills and mishaps, such as sore throat, catarrh, colds, spike wounds, sprains, bruises, etc.

After having given a good fair trial to all the well-known formulas on the market, I have fully decided that there is but one article of this nature, which can be generally used without harmful results, and which I have found to be by far superior to any other remedy, which I have tried.

I, therefore, take great pleasure in recommending very highly, to professionals and other athletics, as well as to the general public, the lotion manufactured by the "SAZEL" CORPORATION" and sold under the name of "SAZEL".

Yours very truly,

Kings A. E. Brady.

INSURANCE ADVICE.

IF YOU were going away for a year, the first thing you would do would be to arrange with your firm or bank to pay your family $100, $200, $500, or whatever amount you deemed necessary to meet the monthly household bills.

You wouldn't turn it over to your family in one sum.

While you are not planning to go away, you may be called upon at any time to make the last long journey.

You can provide such an income at a very moderate annual deposit.

I shall be pleased to furnish information without the least obligation on your part.

PREFACE.

THIS Twenty-sixth issue of the CHICAGO BLUE BOOK contains the new street names which became effective in August, 1913, and possesses the old and tried features which we trust will entitle it to retain the high place in public favor that has been accorded its predecessors. We desire especially to thank our lady patrons for their cordial appreciation of our efforts.

The title, "BLUE BOOK," is given the work because of its *blue* cover. It does not refer to blue blood, as many people suppose. Webster's definition of Blue Book is as follows: "BLUE BOOK — A parliamentary publication, so called from its blue paper cover, such being commonly used; *also, a book containing a list of fashionable addresses.*"

We do not claim the BLUE BOOK is either a City Directory or absolutely an Elite Directory; neither do we pretend to pass upon the social or financial standing of the parties whose names are contained herein. It is simply a compilation of about twenty-four thousand names of the most prominent householders of Chicago and suburbs within a radius of thirty miles, published in the most convenient form for reference by our lady patrons.

Neither time nor money has been spared to make this work as complete and valuable as possible. The difficulty attending the compiling of such a book can be easily appreciated; and we therefore trust that any omissions will be brought to our notice, that they may be corrected in future. We keep the entire work standing in type, that such corrections can be made promptly, and in this way we hope to make the CHICAGO BLUE BOOK as nearly perfect as it is possible to make such a volume.

While retaining all the old features, such as Calling Days in the Street List, and Summer Residences in the Alphabetical List, we have added very materially to our Miscellaneous Information, Club Lists, Churches,

294332

etc. We shall always be pleased to receive any suggestions from our lady patrons whereby we can enhance the value of this work to them, or any information regarding Social or Literary Clubs and Associations which we have not already incorporated in our volume.

The data for this work have not been compiled from circulars or from other Directories. Experienced men, particularly adapted for such work, have been assigned to each locality, and the greatest care has been used in selecting these names. In order to issue the book before the Holidays, it is necessary for us to commence our annual canvass early in September. We would therefore deem it a great favor if those absent from their homes after October 1st would send us each year the information they wish inserted, in order that the work may possess that accuracy and completeness we have taken so much pains to secure.

DISTINCTIVE YEAR-BOOKS

For Clubs, Schools and Societies

It has been aptly said that there are many things whose value lies in the fact that they are exactly right.

Just so with year-books and announcements of organizations that stand for something more than the commonplace. They must be correct.

Printing that is simple, distinctive, and dignified may always be had at the Lakeside Press, and it costs but little more than the characterless sort.

Without extra expense, we will suggest the arrangement, choice of paper, and so forth, for your work.

A parcel must not be posted in a letter-box, but must be taken to Foreign Branch Post-Office, or any regular postal station, and presented to the person in charge, between the hours of 9 a. m. and 5 p. m., where a record will be made and a receipt given therefor. Schedules can be had upon application at Foreign Branch, general Post-Office.

INFORMATION ABOUT PARCEL POST (DOMESTIC) RATES.

If you mail a package to be delivered by the postman in your town or by rural free delivery running from that town, you pay 5c postage for one pound and 1c for each two pounds after the first pound up to 50 pounds—that is the limit of weight. That is 50 pounds at your local rate goes for 30c.

If a parcel goes beyond the local zone and within 50 miles, first pound costs 5c; additional pounds, 1c each.

If a parcel goes beyond 50 miles and within 150 miles, first pound costs 5c; additional pounds, 1c each.

If a parcel goes beyond 150 miles and within 300 miles, first pound costs 6c; additional pounds, 2c each.

If a parcel goes beyond 300 miles and within 600 miles, first pound costs 7c; additional pounds, 4c each.

If a parcel goes beyond 600 miles and within 1,000 miles, first pound costs 8c; additional pounds cost 6c each.

If a parcel goes beyond 1,000 miles and within 1,400 miles, first pound costs 9c; additional pounds cost 8c each.

If a parcel goes beyond 1,400 miles and within 1,800 miles, first pound costs 11c; additional pounds cost 10c each.

If a parcel goes anywhere beyond 1,800 miles, even to the Philippine Islands or Hawaii, first pound costs 12c; additional pounds 12c each.

In your home district, you can mail a basket of eggs merely covered with netting, or mail anything you choose except live animals, liquors, poisons, fire arms or matches at this rate—5c for 1 lb.; 10c for 11 lbs., or 1c for each two pounds in excess of one. Part pounds are charged as a whole pound.

Beyond your home district articles must be packed so that no harm to other goods would follow breakage. Fresh meats may be sent 150 miles if wrapped to prevent injury to other goods.

The size of package mailable by parcel post is limited to what can be measured by a 72-inch tape measure. Take the length first—then whatever inches are left of the tape measure can measure the girth at the thickest part of the package. For instance, a package 42 inches long can be 30 inches in girth at the thickest place.

Rates of Postage

Mail Matter of the First Class

The letter rate of postage is two cents for each ounce or fraction thereof throughout the United States, Alaska, Cuba, Hawaii, Guam, Porto Rico, the Philippines, Tutuila, Canada, Shanghai (China), Canal Zone, the Republic of Panama.

The following classes of letters are not advertised: Drop letters, box letters, letters directed and sent to hotels and thence returned to the Post-Office as unclaimed, letters returned from the Dead Letter Office to writers, and card request letters; circulars, free packets containing printed documents, speeches and other printed matter. N.B.— A request for the return of a letter to the writer, if unclaimed within any number of days from 3 to 30 written or printed with the writer's name, Post-Office and state across the left hand end of the envelope, on the face side, will be complied with. Such letters will be returned to the writer free of postage.

Mail Matter of the Second Class.

This class embraces newspapers and other periodical publications, issued not less than four times a year, from a known office of publication, and bearing a date of issue, and which have no cloth leather, or other substantial binding. Such publications must have a legitimate list of subscribers and must not be designed primarily for advertising purposes or for free circulation. The rate of postage on second-class matter when sent from the office of publication (including sample copies), or when sent from a news agent to actual subscribers or to other news agents, is one cent per pound or fraction thereof; but if sent by any other than the publisher or a news agent is one cent for each four ounces or fraction thereof.

Mail Matter of the Third Class.

Rate of postage: 1 cent for each 2 ounces or fraction thereof.

Third Class Matter consists of printed matter, books, circulars, mimeograph and neostyle copies, imitations of hand or typewriting (such matter must be identical as to contents and must be mailed at a post-office or station in at least 20 copies, to secure the third class rate; when mailed otherwise it will be first class); manuscript accompanied by proof, and all matter of similar character. There may be placed upon the blank leaves or cover of any book or printed matter of the third class a simple manuscript dedication or inscription not of the nature of a personal correspondence. Imitation, hand or typewritten matter, as well as ordinary printed circulars, may be dated, addressed and signed in either hand or typewriting, or by hand stamp. Samples of paper printed on, or cloth bearing an imprint, are fourth class matter; so also are memorandum books and generally matter in which the white surface exceeds the printed. Undeliverable third class matter is not given directory service, and when not of obvious value, is consigned to the waste. When it bears the proper return card, with promise of stamps in case of notification, notice of non-delivery is mailed to the sender. If due attention is not paid to these notices they are not sent thereafter, but the matter is disposed of just as if no card existed. Third and fourth class matter can neither be returned nor forwarded without the prepayment of postage anew. The limit of weight for miscellaneous printed matter constituting third class mail, the rate of postage on which is one cent for each two ounces or fraction thereof, is 4 pounds. Parcels of miscellaneous printed matter weighing more than 4 pounds, but which are within the limit of weight and size for matter of the fourth class, come within that class and are mailable at the pound rates of postage prescribed for fourth-class matter.

Mail Matter of the Fourth Class.

Fourth-class mail matter shall embrace all other matter, including farm and factory products (and, on and after March 16, 1914, books), not now embraced by law in either the first (or) second class, or (with the exception of books, in the) third class, not exceeding (fifty) pounds in weight (when mailed for delivery within the first and second zones, nor exceeding twenty pounds in weight when for delivery in any of the other zones), nor greater in size than seventy-two inches in length and girth combined, nor in form or kind likely to injure the person of any postal employee or damage the mail equipment or other mail matter and not of a character perishable within a period reasonably required for transportation and delivery.

The rate of postage on fourth class matter weighing not more than four ounces shall be one cent for each ounce or fraction of an ounce, and on such matter in excess of four ounces in weight, the rate shall be by the pound on the basis of the eight postal zones. The postage in all cases to be prepaid by stamps affixed.

RATES OF POSTAGE.

Parcels weighing four ounces or less are mailable at the rate of one cent for each ounce or fraction of an ounce, regardless of distance. Parcels weighing more than four ounces are mailable at the pound rates shown in the following table, a fraction of a pound being considered a full pound.

A parcel containing two or more classes of mail matter is chargeable with postage at the rate applicable to the highest class matter inclosed.

The form of return card which should be used on second, third and fourth class matter is as follows: "If not delivered within 10 days, postmaster will please notify John Jones, 236, 50th Street, Chicago, Ill., who will provide return postage."

Very thin sheets of paper may be attached to the card, and then only on condition that they completely adhere thereto. Such sheets may bear both writing and printing.

Advertisements and illustrations may appear on the back of the card and on the left half of the face.

When post cards are prepared by printers and stationers for sale, it is desirable that they bear in the upper right-hand corner of the face an oblong diagram containing the words, "Place postage stamp here," and at the bottom of the space to the right of the vertical dividing line, the words, "This space for the address."

Cards which do not conform to the conditions prescribed by these regulations are, when sent in the mails, chargeable with postage according to the character of the message—at the letter rate, if wholly or partly in writing, or at the third-class rate, if entirely in print.

Cards bearing particles of glass, metal mica, sand, tinsel, or other similar substances, are unmailable, except when enclosed in tightly sealed envelopes.

The address may be in writing, printing, by means of a stamp, or by an adhesive label of not more than three-fourths of an inch by 2 inches in size. The sender may in the same manner indicate his name and address on the face or back of the card.

The message on the cards may be either in writing or print.

Any card of foreign origin which, from its title in any language, appears to be a Post Card and conforms to the above requirements, shall be admissible to the mails (domestic or international), when prepaid in U. S. postage stamps.

Undeliverable Government postal cards, as well as private mailing cards (postcards), of local origin for local delivery, will be returned to sender when a return card appears on the address side of such cards.

PAYMENT OF MONEY ORDERS.

Money orders may be collected at the general office, or at any of the stations in this city. They may also be deposited in banks like drafts or checks, or they may be indorsed for collection through other business channels, always observing the same precaution for identification, etc., given to bank checks. When the payee or remitter of a money order collects it in person at the post-office, or station, or when he deposits it in a bank for collection, he should sign it on the face at the place provided for receipt, and not on the back. When, however, he transfers the order to other than a bank he should sign the form of indorsement on the back. More than one indorsement is prohibited by law, the purpose being to restrict the use of money orders for

remittances, but the collection stamps of banks are not construed as additional indorsements.

OUR SPECIALTY — PERFECT CLEANING OF HOLLAND SHADES

¶ It is a very strange thing, but nevertheless true that when the time for cleaning house arrives, and everything from livingroom to kitchen has been thoroughly gone over, the Window Shades are invariably forgotten. The majority of householders seem to have the impression that it is impossible to clean a Window Shade successfully.

¶ In a recent investigation, we put a Shade that had been hanging on a Window for one year under a powerful microscope, and found it to be literally covered with Germs. Now by our Process we not only clean the Shade thoroughly, but we return it to you, after being put through four hundred (400) degrees of heat, in a condition that is absolutely Sanitary and Germ-proof.

¶ We wish to call your attention to the fact that we have perfected a wonderful preparation for cleaning both Holland and Opaque Window Shades. We have installed a plant fitted out with the most modern requirements, for the handling of any amount of Shades we may receive, and we can assure you of prompt and courteous service, and the return of your orders in the quickest possible time.

¶ To prove to you how we can clean a Window Shade, we ask you to let us clean a sample for you; mark the shade with indelible ink, or any other unerasable substance. We ask you to do this because we want you to be absolutely sure that you have received your own shade in return. Then having thoroughly convinced you that our work is what we claim it to be, we earnestly solicit your patronage.

¶ Estimates for Cleaning and all new work given on request.

The House of Exclusive Fashions

WOMEN distinguished for smart gowning buy their clothes here because we show them the most exclusive and beautiful models in imported gowns and suits by the score, ready to try on and make an individual selection from Models that the fashionable dress makers and tailors would have to make up for them, charging almost twice as much, and running a very great chance of their not being becoming or as expected when finished.

There is no great maker of Paris whose models we do not show, and in addition, many beautiful things that our own designers and makers, working for us exclusively, produce.

Let Us Arrange Your Entertainment

ENTERTAINING your guests is no longer a matter of impromptu effort. It requires the planning of experienced entertainers to make it a success. It is our business to furnish professional talent for all occasions. No affair too small or too large for us to handle. *We Arrange Programs to Suit the Occasion*

Benson's Orchestras have furnished music to every social affair of importance in Chicago for the past ten years and are recognized as leaders in their profession.

We furnish orchestras and instrumental soloists, solo singers, dancers and special entertainers, as well as features of vocal amusement—monologists, humorists and magicians
